Note

The proposal made by the Dy Commr of Chitaldrug is that house-tax should be levied on all houses without exception in villages containing over 500 houses & 2000 inhabitants, and that the proceeds (including the tax on unbuilt backyards) should be credited to District Funds and administered by the Dt Board for the conservancy and improvement of these villages. (Vide 2nd Pg)

This proposal involves the withdrawal of the exemption hitherto enjoyed by agriculturists in non-municipal towns and villages, and by others; but it is not likely to press heavily upon them (Vide reasons given by Dy Commr in 2nd Pg).

The proposal seems to be a good one, and to ~~be embodied in~~ may be adopted in connection with the ~~recent~~ Village Sanitation Regulation* The rules ~~for~~ to be framed under this Regn cannot be properly administered without funds; and the District Board of every District is badly off in this respect already, and cannot undertake fresh responsibility without some such help.

The proposed taxation must be general and not partial – it will affect the agricultural classes chiefly who are now exempt from such taxation and requires the alteration of the Enacty Rules which cannot be done without the sanction of the Govr

The Rules when agreed under this Vill Sanitation Regulation will ensure better Conservancy and sanitation generally and when Local Funds are wanting urgent requirements Govt may afford such special Grants as explained fully –

Under the Village Regulations it is enacted by Govt to adopt such an absolutely necessary precautionary measures as are made to meet which they may afford special grants

Sir -

I have the honor to
invite reference to my letter
No. 711/428 dated 6th March
1896 regarding the way
in which village Sanitation
may be carried out in a
systematic manner.

2. In that letter, a
cadual

enclosed reference was made to the condition of Bagus in the Hosdoorg a Sub-Taluka. In accordance with orders of Government conveyed in Proceedings No: 861.5.X. L.T.245.92 dated 16th July 1896. a Municipality has been established in that village, but no definite orders were passed upon the general proposition contained in my letter

3 In view of the State of public health in the bordering Districts of Bombay, it is a matter of paramount importance that the villages in those Taluks of the District that

are

are connected with the Bombay Districts by trade, or by proximate situation should be kept in proper Sanitary condition. Funds are required for the purpose, and they cannot be allotted from the District Funds or Local Funds General.

4. I therefore respectfully solicit Sanction to the measure recommended by me being tentatively introduced in the Chitaldroog, Holuhenne and Davangere Talukas of the District, the two latter including the Sub-Talukas of Hosdoorga and Harihar.

I have the honor to be
Sir

GOVERNMENT OF MYSORE

Read:-

Letters No. 711 / 428 Dt 4.3.96 and No. 702 / 662 Dt 19.1.98 from the Dy Comr of the Chitaldrug District.

Order thereon 9769-79 / Dis 1986 15-2-98

In order to enable the District Board to attend properly to the conservancy and sanitation of villages the Dy Comr of Chitaldrug recommends the imposition of a tax on all houses with one exception in villages of over 50 houses or 200 inhabitants the proceeds thereof (including the tax on unbuilt backyards) being credited to Dist Funds and suggests that the scheme may, at the outset be tentatively introduced into a few Talukas of the Chitaldrug District.

2. With reference to this
the Govt observe that
taxation of the kind
proposed must be general
and not confined to particular
localities that it would
chiefly affect the agricul-
-tural classes, who are now
exempt from such taxation
and that it involves a material alteration
of the existing Rules, ~~[illegible]~~

matter is on the whole one which requires
further and careful con-
-sideration; pending which
final orders will be deferred.

I beg to bring
the above Resn
of the Govt

3. In the meantime the
Dy Comr is informed that
the Rules to be issued under
the recently enacted Village
Sanctation Regulation,
I of 1898, will ensure the

better conservancy and sanitation of rural parts in the state; that the temporary regulations under the Epidemic Diseases Regulation make it incumbent on Dy. Comrs. to adopt such measures as are absolutely necessary to enforce the precautionary measures thereby prescribed and that, if in any case Local or Municipal Funds are inadequate and cannot avail to meet these requirements, applications for special grants with full reasons therefor may be made to Govt., the same being forwarded through the Inspector General ~~Officer~~ in administrative charge of plague ~~precautionary~~ prevention measures, if the grant applied for has reference
